Under the Seminar Preferences tab, enter your Zip Code, and radius.

If you only want to attend the meeting without credit, or just attend the EAA Chapter meeting, start the Zoom application, and go to meeting number: 827 6874 8030 with password 162608.

Young Eagles Flights

We would like to resume some Young Eagles flights this summer. We'll figure out some cleaning procedures, and if you're comfortable making some flights, please contact Paul at info@eaa1310.org. I'll coordinate the number of seats available, and then figure out what type of advertising we should do. EAA's online registration should help match the number of kids with the number of seats available to prevent disappointment from both the pilots and kids.

EAA is offering double Young Eagle credits for flights during June, July and August. The chapter will receive \$10 for each child flown to be used for educational purposes or Young Eagles expenses.

Missing Flight Simulator

The flight simulator that we store in the trailer is no longer there. Does anyone know where it is? This is the simulator that we have used at the Simsbury Fly-In. It has a steel tube frame, a Logitech surround sound system and a gaming chair. It has a Saitek yoke, rudder pedals and throttle. If you know where it is, please let any chapter officer know. We do have the monitor. Thanks for any help.

New Chairs

Fred Goff regularly scans Craigslist for free items that may be of use to the chapter. Last month he saw that a church was getting rid of some stacking chairs. Paul Dowgewicz and Fred went to Tolland and picked up 62 of them. They are sturdier, and more comfortable than the folding chairs we now use.

However they do take up more space, and are more difficult to move than our old folding chairs.

We think that they will eventually be of good use at our seminars and meals, especially in the colder weather. We may want to come up with some rolling dollies to make setup and takedown easier.
