VMC Club Meeting

Wednesday, June 12, 2024 at 7:00pm at Skylark Airport and online

During the June 2024 EAA Chapter 1310 VMC CLUB presentation, Chris Tarbell will lead a discussion about flying the AT-6 Texan aircraft.

Earlier this spring, Chris had the opportunity to fly an AT-6 Texan. This month's VMC Club Presentation will be about Chris' experience flying this aircraft. Chris will highlight the systems, aerodynamics, and flight characteristics of the airplane, and compare them to the light airplanes with which we're all familiar.

WINGS Credit is available! For more information, please click here:

If attending online, you can sign up through the link below. You can use that link even if you'll be attending in person. <https://meeting.eaa1310.org>

Business Meeting

We now hold a separate chapter business meeting on the Thursday before the regular meeting through Zoom. The next one will be July 11, 2024 at 7:00 PM. To obtain login information, or to add an item to the agenda, see the April 2024 Newsletter, send a request to info@eaa1310.org or call 860-281-1310. We only have the free version of Zoom, so meetings are limited to 40 minutes.

President's Message by Paul Dowgewicz

This month's business meeting will be through Zoom on Thursday June 6 at 7 PM. Meeting ID is always 752 466 5660, with the Passcode of 1310. All members are welcome to attend. Attendance at the last two Wednesday night meetings has been quite low. If anyone has a suggestion to increase participation, please let me know. The VMC Club topics have been quite interesting, and I've been trying to create some new informative aviation-related meeting content, along with moving the necessary, but less interesting topics to the business meeting

To thank Bruce for allowing us to meet at the airport and store our property on the airport without charge, we would like to hold an airport cleanup day on June 22, 2024. I believe some of the tasks we would like to do would be to touch up the paint on the patio, spray the weeds around the patio and concrete pad, along with trimming the shrubs around the fence walkway. I would also like to clean up our car trailer and repair the holes in our blue building. If you can help, please meet at the airport at 9:00 AM. In the event of inclement weather, an email will be sent out to reschedule.

I believe I've figured out a way to bypass the problem of messages being delayed through sending text message announcements. If you would like to be added to the list to get a reminder of our events and meetings the prior day, please send your name, phone number, and cell phone provider information to info@eaa1310.org with your request, or call/text the information to 860-281-1310.

Our last pancake breakfast had some rain in the area again, so we didn't get any fly-ins. We did make a bit better profit since we already had much of the food and supplies in stock. Thanks go our again to all the volunteers who helped set up, cleanup, and cook. A special thanks to Bill Kulle for allowing us to use his hangar. We don't have another breakfast planned until November 2024, yet we do have our popular corn roast cookout coming on August 17, 2024

Our new chapter patches have arrived. Each paid member will be provided with one. Additional patches are \$2 each. Pick your up at the next meeting.

Thank you,

Paul Dowgewicz

5/8/2024 Meeting Minutes by Chris Tarbell

Paul Dowgewicz gave a presentation on analog computers and we saw a video of the workings of a mechanical air data computer used on an F-86.

Other notes:

-QB dinner 6/3/2024 Volunteers required

-June 22, 2024 Airport Cleanup including lounge. Sign up sheet and task list to be completed and posted.

-May 18, 2024 is a pancake breakfast and it is also EAA learn to fly day. Can we organize eagle and young eagle flights?

-New VMC topics requested.... What's it like to fly an AT-6? What does it take to be an airline pilot?
