# Uncontrolled Airspace

The Newsletter of EAA Chapter 1310

**July, 2020**

## Next Meeting

**Wednesday July 8 About 7:45 PM**

**ONLINE MEETING**

The EAA Chapter 1310 meeting will be held following the VFR Club meeting at approximately 7:45 PM

**VFR Club Meeting ONLINE Wednesday July 8 7:00**

**PM.** This month's topic is about the mechanics and dangers of carburetor ice and a general discussion about emergency procedures and preparedness.

See login instructions on Page 2

**Register for FAA WINGS credit at:**

[https://www.faasafety.gov/SPANS/event\\_details.aspx?eid=10097](https://www.faasafety.gov/SPANS/event_details.aspx?eid=10097)

## Next Event

---

Next on the schedule is the August 15 Corn Roast & Cookout 11:00 AM – 1:30 PM

We will be discussing the planning for this event during the July meeting.

---

## 2021 Membership Renewals

Renew your chapter membership through the online [store](#), or mail a check payable to EAA Chapter 1310 to the address at the bottom of this page. We'll get your membership card back to you.

Renew for three years for \$60. Save \$15.

## **Online Meeting Instructions**

---

We will again be holding our monthly meeting and VMC Club meeting online through Zoom.

Topic will be Carburetor Icing - It can happen at summer temperatures.

This month's procedure to join the meeting is a bit different than in the past.

If you want FAA WINGS credit, register at:

<http://us02web.zoom.us/meeting/register/tZllce-tqjIjGdcsoqC-zfo50IWZtfKaCHdJ>.

You will receive a confirmation e-mail with the information to attend the meeting using Zoom Video Conferencing.

This link is also available at

[https://www.faasafety.gov/SPANS/event\\_details.aspx?eid=100973](https://www.faasafety.gov/SPANS/event_details.aspx?eid=100973)

If you have difficulty, send an email to [meetings@eaa1310.org](mailto:meetings@eaa1310.org) with your question.

If you only want to attend the meeting without credit, or just attend the EAA Chapter meeting, start the Zoom application, and go to meeting number 868 6654 9933 with password 248954.

## **Watch the Current EAA Chapter Videos**

---

Since we haven't been able to hold in-person meetings, we have made the most recent EAA Chapter Videos available to watch online.

The EAA Chapter Office has changed the format of the monthly video presentation. Instead of a preset program, we are able to choose the segments we want to see. There is a standard introductory segment with current EAA topics. Then we can add video pertaining to the specific topics of Homebuilding, Aerobatic, Light Sport, Ultralights, Vintage, Warbirds, History or Timeless Voices. We can then add a Hints for Homebuilders lesson.

This month, Jack J. Pelton discusses moving forward from AirVenture 2020 being canceled, EAA staffing during this time, EAA's financials without AirVenture, flying during the COVID-19 pandemic, and EAA Spirit of Aviation Week.

EAA's Spirit of Aviation Week - While we can't gather in Oshkosh, we can still share The Spirit of Aviation. EAA Spirit of Aviation Week on July 21-25 will celebrate the entire aviation community by showcasing the spectrum of flight in a virtual way.

Captain Eddie's Fairey Firefly - Eddie Kurdziel, EAA 431776, brought his rare Fairey Firefly AS6 to EAA AirVenture Oshkosh 2019, and won Reserve Grand Champion: Post World War II.

Hints for Homebuilders - Impulse Coupling - Brian Carpenter from Rainbow Aviation Services discusses the magneto impulse coupling and shows its component parts and how they operate to generate spark and aid in starting your engine.

**Immediate Conversion**  
TO  
**Speed Nuts**

*... to meet your production schedules!*

Immediate conversion to SPEED NUTS for non-structural attachments will help you meet your production schedules ON TIME. SPEED NUTS are approved by the U. S. Army Air Forces and the Bureau of Aeronautics for non-structural attachments on military aircraft. This provides

a new source of approved self-locking nuts to relieve the present shortage.

Our Engineering Dept. will be glad to assist you in determining the proper approved locations where Speed Nuts may be used. Request for information or assistance will receive immediate attention.

**TINNERMAN PRODUCTS, INC. • 2086 FULTON ROAD, CLEVELAND, OHIO**

IN CANADA: Wallace Barnes Co., Ltd., Hamilton, Ontario.  
IN ENGLAND: Simmonds Aerocessories, Ltd., London

**Speed Nut System**

**THE FASTEST THING IN FASTENINGS**
