2024 Chapter Officers and Directors.

Our election for chapter officers and directors will be coming up at the November meeting. EAA recommends that officers not serve more than two consecutive years so people don't get the impression that they will have to serve for a long period. We have extended some positions for an additional year if we haven't been able to find replacements.

All of our current officers have been in their positions for at least two years, so we need different members to take on the offices of president, vice-president, secretary and treasurer.

We currently have six additional members serving on our board of directors who are elected annually. The number of directors can be adjusted as desired.

If you would like to help with any of these essential tasks to guide the chapter in the future, please contact Jim Glista at the contact information on page 1.

Chapter Display at Simsbury Fly-In

Vincent Carucci, the President of Chapter 324 was offered free space for a booth this year. They would very much like to do it but since most of their members will be volunteering for the event. They are reaching out to see if Chapter 1310 members would be willing to help man the booth. Participating chapters would be encouraged to bring their unique media and contact information. But in such a case, the focus will be primarily on the EAA rather than individual chapters. His guess would be 4 - 6 volunteers should comfortably get us through the day. Of course, more are welcome.

They will have a generator available for power so any type of media is possible. It should be an easy day in the shade, and parking is free for volunteers.

He can be reached by email at caa324simsbury@gmail.com or by phone [860-634-4630]. I know this is short notice, but I believe it can be a success. I hope to hear from you soon.
